Broadview PS

Parent Council Update

Fundraising Success!

Thank you to all of the families that generously donated to the Dance-a-thon and bid on items for our Online Silent Auction. They were a huge success! The Dance-a-thon raised \$12,607, and we surpassed our fundraising goal for the on-line auction and raised \$10,657.99! This money, along with all other funds raised by Parent Council, will support myriad educational experiences such as Scientist in the School, Art Workshops, Robotics Club, and the subsidization of field trips, purchase additional library books, technology tools, sports equipment and more! It's not too late to contribute and e-transfers are accepted at: treasurer@broadviewparents.org.

Funds raised during the year go towards the School Council spending budget for the following school year. However the school auction also had a *School Donations* section where parents could directly top-up this year's budget for various school initiatives. The following funds were generated to contribute to this year's budget for the following:

- Robotics- \$200
- York St. Creative Lab- \$225
- Library Books- \$555
- Kindergarten Yard Toys- \$345
- Broadview Yard/Broadview Brick- \$100
- Curtains for School Stage-\$50
- Gym Equipment Compressor- \$30

York St PS Creative Labs

Broadview has developed a partnership with York Street P.S, a kindergarten to grade eight school located in lower town. Many families at this school struggle to provide basic needs for their children. A goal of this partnership is to help all children in our community have the opportunity to thrive in their educational experiences. Through the School Auction, we raised \$225 to support York Street in developing a "Creative Lab" for their students. The Creative Lab will provide opportunities for students to develop their sense of teamwork and individual expression all within the supportive learning environment of their school. Thank you to all parents that donated!

1

NO MARCH MEETING!

As in year's past, Parent Council does not meet in March. We hope to see you April 10th!

2

GET INVOLVED!

There are so many ways to volunteer! If you are interested, contact: Helen_Leung@live.ca
