Broadview PS

Parent Council Update

Council News and Updates

Spring is an exciting time at Broadview with many activities and programs for the children. It is also a time for parents to get involved and we have a number of opportunities for volunteers!

April Updates: The Healthy Active Living Team will bring Little Souls Mindfulness & Yoga to the kindergarten classes and Kids in Motion will be coming to Grades 1-6. The Greening Team is going to make Earth Day a special day at Broadview. Eight planters will be delivered for Kinder - Grade 8 classes to tend over the spring and harvest in the Fall.

May News: The Fundraising Team is in full swing with the Book Bonanza as the date is set for May 10-12. Adult fiction and children books are the top sellers, so start boxing them up for drop off at the beginning of May. The Arts Team is working with teachers and consultants to bring Arts Alive back again this year! It will be better than ever with primary and junior performances and visual arts displays from all classes on the evening of May 15.

June Forecasts: Primary Play Day and Junior Sports Day are great fun for the kids and parents as well. Keep an eye out for dates and volunteer opportunities. Save the date for Teacher Appreciation lunch on June 15th, we will need plenty of cooks and bakers to show the staff our appreciation!

Parent Speaker Series

Parent Council will be hosting speakers who will discuss a range of topics based on your feedback and requests.

April 5th, 7pm - Math Night
Learn how to better support your children at home. Dr Marion Small is a leading mathematics education expert and researcher.
